Proposed Pay and Hours

- Each scholar, during their rotation with a municipality, will have the opportunity to work up to a total of 400 hours over the course of a 9-month period. Scholars are expected to work approximately 15 hours per week, on average, with the understanding of there being flexibility during weeks students are on break or when the school/municipality holidays are being recognized.
- Both scholars would receive course credit of 6 units for completing the 400 hours of an internship.
- In FY 2018-19 (July through June), the \$3,000 in funds from ACMA will be used as part of the required 400 hours at a rate of \$12.50 per hour to account for 240 of the 400 hours. The remaining 160 hours will be paid by the host town at the same hourly rate.
- In subsequent fiscal years, the \$3,000 will be divided between both the Keane and Valdez scholars (\$1,500 each) at the same hourly rate of \$12.50, which accounts for approximately 120 of the required 400 hours. The remaining 280 hours will be paid at the same hourly rate by the host towns.
